

# DESERT ADAPT

PREPARING DESERTIFICATION AREAS FOR INCREASING CLIMATE CHANGE

# NEWSLETTER

LIFE16 CCA/IT/000011

| Issue 1 | Date: October 31st 2017

## WELCOME

The project Desert-Adapt welcomes stakeholders and partners.

Desert-Adapt started on the 1st of September 2017 and will close on the 1st of September 2022.

The project is financed under the LIFE16 program, Climate Change Adaptation action (CCA).

Desert-Adapt aims at promoting innovative Climate Adaptation strategies of land management to improve the economic, environmental and social value of private and public lands in Mediterranean areas under desertification risk and threat of climate change.

## WORKING WITH

**FARMING SECTOR** through collaboration with farmers and public bodies to improve the environmental quality and economical productivity of their land.

**EDUCATION SECTOR** offering a unique opportunity for the students and teachers to learn more about climate change, desertification, sustainable land management and many more, by taking direct involvement into Desert-Adapt actions.

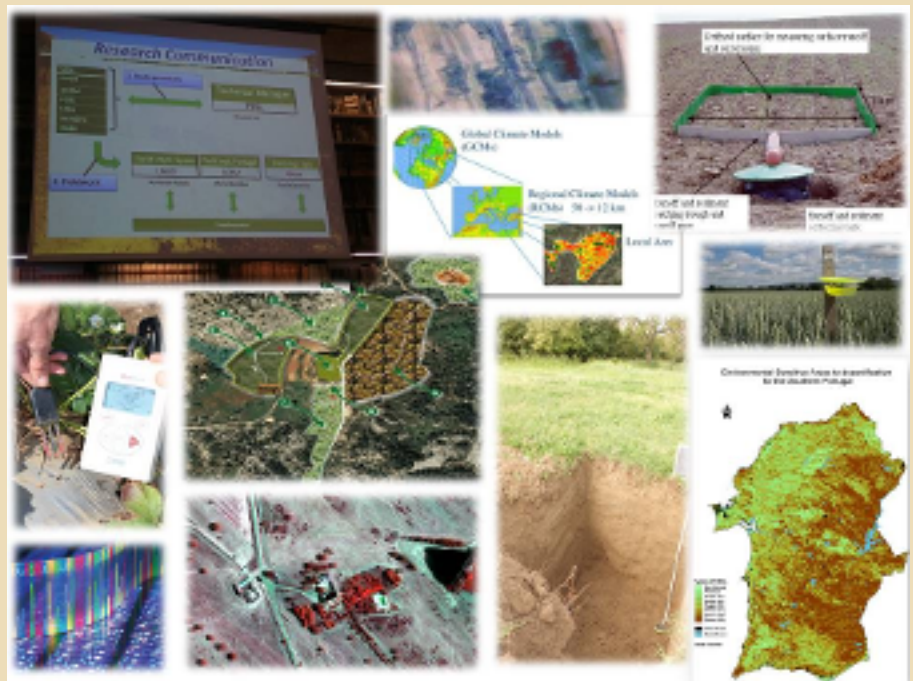

**SCIENCE** with scientific evidence of the suitability of different adaptation agro-forestry measures to recover and improve ecosystem service quality in degraded Mediterranean areas.

**POLICY** to integrate successful scientific and management evidence into local, national and international policies for environmental, economical and social improvement and growth in vulnerable and desertified Mediterranean areas.

## KICK-OFF MEETING ROME 22-23 SEPTEMBER 2017 VILLA TORLONIA

On 22 and 23 September 2017 the Accademia delle Scienze detta dei XV hosted the Desert-Adapt kick-off meeting in its beautiful library in Villa Torlonia, Rome.
